Booths FAQ’s

• What do I need to do for my organization to have a booth at Kyle Field Day?
  1. Come up with an activity to do at Kyle Field Day
  2. Fill out the registration form
  3. Contact kylefieldday@tamu.edu with any questions.

• Do I need to provide my own supplies for my booth?
  o We do ask that you provide your own supplies for your booth activity; however, if the financial burden is too great for your organization, the Kyle Field Day committee would be happy to work with you to help with costs.

• Is there a registration fee?
  o No! There is no fee to participate.

• What if no one from my organization can attend Kyle Field Day?
  o If no one from your organization can run your booth, MSC FISH representatives can do it for you. The only stipulations are that KFD staff members are given proper instruction as to what is to be done at your booth, as well as general information about your organization.
  
* MSC FISH members can staff a limited number of booths if you are unable to attend in person, but our numbers limits us. If you know you cannot make it, but would like to have a booth, please let us know as soon as possible so we can work on making arrangements.

• What if I do not have a booth activity in mind?
  o That's okay! Kyle Field Day committee members can work with you to decide on an activity. It is beneficial to have a donation wish list or give our committee members background information on programs your organization puts on so we can design an activity that can truly make an impact.

• What are some example booth activities?
  o In past Kyle Field Day’s, booths have had everything from beading awareness bracelets to making blankets to wheelchair Olympics. The booth activities can be as small or as little as you wish them to be. The goal of KFD is to spread community involvement and awareness for amazing organizations like your own, and the larger the activity the larger the impact!

• How large are the booths? What do they look like exactly?
  o A booth is generally 1 to 2 folding tables, covered in tablecloths, and decorated for your organization. If your booth requires more space than this we can definitely provide for it. All you have to do is ask for a larger area in the registration form. Also, every single booth is set up and taken down by MSC FISH members. Every booth is also given a box of generic supplies, so if you forget things such as tape or scissors we’ve got you covered!

• Will there be food for booth members?
- There will be food at the event that you can purchase. Kyle Field Day staff

- **Where can I park on the day of the event? Will there be people to help me unload my car?**
  - Parking information will be provided closer to our event. Also

- **What if I have not been contacted to come to Kyle Field Day, but I would like to participate?**
  - Contact us via email at kylefieldday@tamu.edu and someone will be in contact with you.
